ABOUT US

Room To Imagine is an Abstract Art studio specialising in Acrylic Pour and Resin Pour Art workshops. Having taught students aged 4 to 82, we believe that anyone with an open mind can learn to create art.

During our workshops, we encourage participants to let go of any pre-conceptions about themselves and the art form, to indulge in some good old messy fun and get in touch with their creative side. Our participants often walk away with a fresh perspective on art and feeling more confident about themselves.
